

2019 WLPOA Membership Renewal

Please support our Windigo Lake Property Owners Association (WLPOA) by joining or continuing your membership. Our lake association serves property owners on Windigo Lake, Hub Lake, and Lake 27 by:

- Protecting our lakes from invasive species.
- Working with the DNR and local government to maintain lake quality.
- Promoting communication and cooperation among lakeshore owners.

Please supply up to two e-mail addresses as that is the primary means of communication with our members.

Email Addresses: _____

Fire Number/Address on Windigo: _____

Also, fill-in your **mailing** address below and be sure to provide a phone number.

Name: _____

Address: _____

City/State/Zip: _____

Telephone: (____) ____ - ____ / Lake Phone (if different) (____) ____ - ____

Please select newsletter delivery: PDF file by email and/or Paper copy by US Mail

FYI: Newsletters are **emailed** three (3) times a year. If only "Paper copy" is selected, only the Spring and Fall/Winter issues will be mailed.

2019 Property Owner Dues	\$ 25.00
<i>Optional</i> -- Extra donation to Invasive Species Reserve <i>SEE REVERSE SIDE</i>

Spring Dinner -- Saturday, April 27th

Optional Donation for Aquatic Invasive Species Reserve

The invasive species reserve fund is for prevention and treatment of aquatic invasive species (AIS). To date, we do not have AIS on Windigo and we have been able to fund for our boat landing monitoring from volunteer hours combined with a series of grants that we have been able to access from the DNR. If AIS were found in Windigo, remediation efforts would need to be done quickly, so we are building this fund for this purpose.

Optional Donation for Fishery Management Fund

The Windigo Lake Fish and Wildlife Committee would like to take this opportunity to thank those who donated for your generosity. Without your support, the lakes fishery would be in a much more vulnerable situation with the challenges it faces at this point in time. We are dedicated to finding solutions to maintain our lakes' fish population against the ever increasing pressure that builds yearly. In the past, we have benefited from some DNR programs such as island tree drops and fish population surveys to efficiently use our funds. Going forward, the committee is looking into a number of alternative improvements that will positively impact our fish and wildlife for years to come. Many of the surrounding area lakes have already implemented a proactive comprehensive plan for protecting and maintaining their lakes fishery and wildlife. We hope to have this type of plan for our lakes in the near future. With this in mind, we hope you will consider donating to help with our lakes' health and well-being.

"Friends of Windigo" provide copies of the Newsletter to friends or family. This option is \$5.00 per year per name. Please list email addresses on this form.

*Please provide email address, and name for each
